Your final month will be pro-rated to provide for a total of 180 days usage from the date of your connection. At the end of the 180 day period, you may cancel the service. If you do not notify us of any change before the end of the 180 day period, your service will revert to a minimum charge similar to your existing monthly payment amount. Generally, your invoice will be generated between the 3rd and 6th of every month and sent through your allocated billing method. Please note that if you choose the paper billing method, there will be a charge of \$2.50 per invoice. Any payments processed through BPay will incur a \$1.00 charge that will be applied to your following invoice. It is recommended that you pay your invoices on time to avoid the \$15.00 late payment fee. For further information on our billing and additional charges/fees, please visit: www.vaya.net.au
